SCENE. 14

It's like burning...

Ah.

Someone asked me to see if you'd model for some photos.

Modelling...

Modelling...

Is he, now...?

He's a photogra–

Do you remember?

The guy we met in the hall the other day...

Uuh... in a way, yes.

Makeup, too?

it's someone that changes clothes all the time, right?

You sure have a vivid imagination.

You should share it with me.

Woah!

There'll be gigantic pictures of you...

In some big display...

The shops on the big avenues.

And you become a sign for high brand shops.

And since you love dressing up...

Well, it's true. That's what a model is.

And you told me you like to do all sorts of things...

And a lot of people will be looking at you.

By the way...

If I like dressing up so much, it's only your fault.

Yes, that's true...

All those clothes in the wardrobe...

You're the one that chose them.

I don't even know how many there are.

More than I can ever dream to carry.

My fault?

The pockets and buttons are so funny!

This coat, for example, is so soft, I love it!

I'm glad you like them.

They're all really nice to feel.

They're so soft.

Today, your voice is shaky I feel.

ばふ、

...Would you be happy?

Were to look at me like a model...

And if more people than I can count on my fingers and toes...

It'd be nice, I think...

I don't know anything about it.

I have no clue...

Well... I don't know...

...

Really, I thought you knew everything...? But not that.

I don't even know which way is up!

You don't know either! You don't realise...

...Or listen to music...

When I answer the phone at the station...

That means that...

That I feel like my eyes are like spinning tops!

My head's so busy...

Or serve tea for everyone...

Is that true?

Yes.

And yet, you're so pretty...

You might not be fit for that job, then...

...

Say...

Can I ask you something?

Go ahead.

Why don't you sit next to me?

And let me feel your face, come on.

ゴッ

You shouldn't stay like that, a thousand steps away from me.

Well, well...

Stay close to me, alright?
